

## Josh Guyer, SPT

Josh Guyer is a Doctoral Physical Therapy Student from the University of Mary in Bismarck, North Dakota.

Per his Doctoral degree training, he has received instruction on manual therapy, therapeutic intervention, health promotion and wellness, examination and medical screening, differential diagnosis, pharmacology, and radiology and imaging. He is trained to treat a variety of pathologies including musculoskeletal, neurological, integumentary and cardiopulmonary issues.

He has interests in orthopedics/sports medicine, prevention and wellness, and post-surgical rehabilitation with particular focus on knees, shoulders, hips and spine rehabilitation. Past clinical experiences include outpatient orthopedic care, wound care, home health, pediatrics, inpatient and skilled nursing facilities in North Dakota, South Dakota and Minnesota. His professional interests extend to tennis and golf with 10+ years experience in both sports including an Oregon high school tennis doubles state championship.

His undergraduate degree was completed in 2013 at the University of Portland where he earned his Bachelors of Arts in Biology. Like all of our PT staff, he is a member of the American Physical Therapy Association and recently attended the 2017 National Student Conclave in Portland, Oregon. In his free time, his personal interests include hiking, skiing, backpacking, tennis, golf and ultimate Frisbee. He is an avid traveler and is a registered PADI recreational scuba diver.

Eugene PT has a strong commitment to education. Its PT staff not only teach post-graduate courses throughout the United States, but have three APTA Credentialed Clinical Instructors that supervise final residency programs prior to DPT graduates taking their Board Examinations. Our clinical education program has gained a reputation over time, having contracts with over 10 universities throughout the U.S.A. Our goal is to train our PT Residents to be able to provide the exceptional standard of care that is our mission. Seeing any of our Residents should be a rewarding experience given the training they have been and are presently being given.
