

Cody Hatfield, SPT

Cody Hatfield is a Doctoral Physical Therapy Resident from the University of Mary.

Per his Doctoral degree training, he has received specific training in differential diagnosis, primary care screening, pharmacology, radiology and imaging, manual therapy, therapeutic interventions, health care management, prevention and wellness, health promotion, emergency medical response, histology, and pathology.

His undergraduate degree was in Exercise Science, completed at Western Oregon University in 2015. Cody has interests in orthopedics/sports medicine, injury prevention, and sport psychology. As part of his Doctoral program, he is currently researching the effects of pitch counts for high school baseball pitchers on upper extremity injuries. His professional interests extend to his personal interests in sports and Special Olympics.

Like all of our PT staff, he is a member of the American Physical Therapy Association. He has completed residencies in outpatient orthopedics, acute care, and skilled nursing facilities in South Dakota, Oregon, and North Dakota. During his previous residency programs, he presented on various shoulder surgery protocols and functional outcome measures.

Eugene PT has a strong commitment to education. Its PT staff not only teach post-graduate courses throughout the United States, but have two APTA Credentialed Clinical Instructors that supervise final residency programs prior to DPT graduates taking their Board Examinations. Our clinical education program has gained a reputation over time, having contracts with over 10 universities throughout the U.S.A. Our goal is to train our PT Residents to be able to provide the exceptional standard of care that is our mission. Seeing any of our Residents should be a rewarding experience given the training they have been and are presently being given.

Preceptor: Jeff Giulietti, MPT, ATC, OCS, CSCS, COMT, FAAOMPT
