

## Tom Rigby, PT, DPT

Tom Rigby is a Doctoral Physical Therapy Graduate from the University Connecticut.

Per his Doctoral degree training, he has received specific training in differential diagnosis, primary care screening, pharmacology, radiology and imaging, manual therapy, therapeutic interventions, neuromuscular re-education, rehabilitation following neurological events, health care management, prevention and wellness, health promotion, and pathology.

Tom is a committed and compassionate therapist dedicated to working with individuals to create a plan best fit for their own needs. He has interests in orthopedics/sports medicine, injury prevention, and physical/workplace wellness. He has had past experiences in outpatient orthopedics, acute rehabilitation hospitals, and community health in Connecticut, Alaska, and Ohio. His professional interests extend to his personal hobbies of running, rock climbing, ultimate frisbee and montane sports.

His undergraduate degree was in Environmental Biology at SUNY Stony Brook in 2019. Like all of our PT staff, he is a member of the American Physical Therapy Association and has past participation in state wide chapters.
