

Allen Won, DPT

Allen Won is a graduate of Western Carolina University where he received his Doctoral degree in Physical Therapy (DPT).

As a Physical Therapist, Allen has received specific training in clinical reasoning, differential diagnosis, primary care screening, research methods, pharmacology, radiology and imaging, manual therapy, therapeutic interventions, cardiopulmonary rehab, health care management, prevention and wellness, health promotion, histology, and pathology.

Allen has practiced primarily in the field of orthopedics, working with sport and work-related injuries, post-operative rehabilitation, chronic pain, balance impairments, and neurologic and vestibular disorders. He also has experience working in the skilled nursing facility setting.

Prior to receiving his Doctorate Degree, Allen earned a Bachelor's degree in Psychology from the University of California, Irvine. He spent several years working as a medical biller for both a durable medical equipment company and a genetics medical clinic before returning to graduate school to pursue a career in Physical Therapy. He is presently pursuing his board certification as Orthopedic Clinical Specialist (OCS) through the American Physical Therapy Association and Certification in Mechanical Diagnosis and Therapy (Cert. MDT) through the McKenzie Institute USA.

In his free time, Allen enjoys golfing, playing guitar, traveling, and spending time with his fiancé Leah and dog Tucker.
