

Hailey Davis, DPT, MFDc

Hailey Davis is a graduate of Rocky Mountain University of Health Professions in Provo, Utah where she received her Doctorate of Physical Therapy (DPT). As a Doctor of Physical Therapy, Hailey has received specific training in orthopedic assessment and treatment including therapeutic exercise, neuromuscular re-education, and manual therapy. As a student, Hailey was able to participate in a volunteer experience and work in a village and hospital as a student physical therapist for a few weeks in Malawi. She additionally holds her Bachelor's Degree in Exercise Physiology.

Clinically, Hailey is interested in treating a variety of orthopedic conditions including shoulder, hip, knee, ankle, and spine injuries. She is highly interested in working with athletes and individuals with sports injuries and to return people to those. Hailey has also treated people with neurological conditions including vertigo, post CVA, post spinal-cord injury, Parkinson's, and multiple sclerosis. Hailey has additionally worked in pediatrics and saw children with neurologic and orthopedic problems, including working with infants with torticollis. As a traveler, Hailey has worked mostly in outpatient orthopedic physical therapy but also has experience in home health care, acute care, and inpatient rehab. This diverse experience has given Hailey the opportunity to treat patients at every phase of rehabilitation and at every stage in life.

Hailey is certified in myofascial decompression (MFDc). She is currently pursuing a Certified Strength and Conditioning Specialist (CSCS) certification and additional certification in dry needling.

In her free time, Hailey enjoys getting outside to hike, paddle board, ride her bike, and camp. She also enjoys playing soccer and reading. Hailey loves to travel to new areas and experience the variety of people and experiences there.

EDUCATION

B.S. in Exercise Physiology from Brigham Young University- Idaho, Rexburg, ID

DPT (Doctor of Physical Therapy), Rocky Mountain University of Health Professions, Provo, UT

POST GRADUATE EDUCATION

Integrated Movement Health

Myofascial Decompression: L1 and L2

Chris DaPrato, DPT, SCS, SCS, CSCS, MFDc

6/2023

Myopain Seminars

Dry Needling 1: Foundations

Rob Stanborough, DPT, MHSc, MTC, CMTPT, FAAOMPT

5/2022

MEDBRIDGE Online Education

The Movement System: Assessment & Treatment of Low Back Pain

Jared Vagy, DPT, OCS, CSCS

02/2024

The Movement System: Humeral Syndromes of the Shoulder Vestibular Anatomy and Physiology

Jared Vagy, DPT, OCS, CSCS

03/2024

Vestibular Anatomy and Physiology

Jeff Walter, DPT, NCS

12/2022

Identification and Management of Unilateral Vestibular Disorders

Jeff Walter, DPT, NCS

12/2022

BPPV Pathophysiology and Differential diagnosis

Jeff Walter, DPT, NCS

12/2022

Diagnostic Maneuvers for BPPV

Jeff Walter, DPT, NCS

12/2022
