MADISON TYLER, DPT

Madison Tyler entered the Physical Therapy profession in 2024. She holds a Doctorate Degree in Physical Therapy from St. Catherine University in Saint Paul, Minnesota. As a Doctor of Physical Therapy, Madison has received specific training in differential diagnosis, pharmacology, radiology and imaging, health care management, prevention and wellness, health promotion, histology, and pathology.

Madison's current practice of physical therapy is within the field of orthopedics with interest in rehab of the extremities, neurologic conditions, vestibular dysfunction, balance, and cardiopulmonary rehabilitation. Her clinical experience also extends to adolescent and geriatric populations, spinal conditions, and various post-operative rehabilitation protocols.

She is currently a travel physical therapist, with experience working in Washington, Oregon, and Alaska, since entering the profession. She has primarily worked in outpatient orthopedic clinics, with varying amounts of medical access. She has extensive experience as an aide in an acute inpatient rehabilitation unit, and would like to gain more experience in varying levels of the healthcare continuum, in both acute and subacute clinics.

RECENT PROFESSIONAL ACTIVITIES
